Dear Tac-Vac

by: Ted Jefferson

Dear TAC VAC:

Q--After my GI Bill educational entitlement expires May 31, 1974 will I still be able to use the VA tutorial assistance which I haven't touched yet?

A--Unused tutorial assistance expires with GI Bill entitlement.

Q--I am a 30-year military retiree attending a community college for the last 18 months. At the end of each term the VA has sent me a statement of how many months of entitlement I have remaining. My last statement said, "As of May 31, 1974, you will have 14½ months of entitlement remaining". I had been under the assumption that my entitlement would end on May 31, 1974, since I retired in 1962. A friend said, not so, since I had started college I would be paid for a full 36 months of education regardless. What is your opinion?

A--Your friend is incorrect. Even though you have entitlement remaining as of May 31, 1974, your allowance will be stopped at that time. There is one exception to the May 31, 1974, cutoff date (for those discharged before June 1, 1960); veterans enrolled in apprentice, job farm or flight training have until Aug, 31, 1975, to complete their training. The extension is authorized because those programs were not provided until 1967.

Q--I am a 100 percent service-disabled veteran. I get additional compensation for my son who is disabled to the extent that he will not be able to go to school or work. When he becomes 18, I am told the compensation will stop. Is that correct?

A--No. Additional compensation for dependents will continue to be paid for a child who, before reaching the age 18 becomes permanently incapable of self-support.

Address all questions concerning veterans to: Tacoma Veterans Action Center, 1301 South "K" Street, Tacoma, Washington 98405 TEL: 383-4008

A legal shortcut.

Why spend your first years out of law school as a clerk, when you can be trying cases almost from the start. Qualify for the Navy Judge Advocate Program and we'll have you handling cases—working as a lawyer—in a matter of months.

Whether you're just starting law school, or about to graduate, you can reserve your place with us in advance, before graduation. See your Navy Officer Recruiter for details.

If you've already passed your state bar examination and can meet Navy requirements, we'll put you right to work on cases that could take you years to get as a civilian lawyer. Maritime Law. Legal Assistance. Administrative Law. Litigation and Claims. And Criminal Law Practice on the trial and appellate levels.

After your first tour of duty, you may qualify for graduate study leading to a Master of Law degree, in one of six different areas of the law. At Government expense, of course.

Meanwhile, you'll enjoy benefits like travel. Medical care for you and your family. Food and housing allowances. And top-notch people to work with.

When you add it all up, we're offering the kind of meaningful, active experience a young lawyer needs.

Drug Program Needs Soul

By Andre Young

The Tacoma Narcotics program definitely needs many more blacks on its staff to transverse the rigorous effect of drugs in our community.

We have had the Tacoma Narcotics Center in this community for approximately five (5) years, and it hasn't proven to be significant at all in offsetting the local average that blacks comprise 65 or 70 percent of drug abusers (Heroin addicts prevail) in Pierce County.

Undoubtedly Mr. Paul Gergen, Director of the Tacoma Narcotics Center, believes he has everything and everyone "in-tow" because no one has been driving on him to be more responsive to the black community. Mr. Gergen needs to see that more blacks are hired in upper level administrative positions or you, Mr. Gergen, should resign.

The Governor's drug advisory committee has failed to provide and/or influence an equal percentage of black representatives in State drug agencies. As a matter of fact, the Governor's drug advisory committee is itself practically lily-white. There is a great need for black input and involvement in drug programs and proposed plans for the near future.

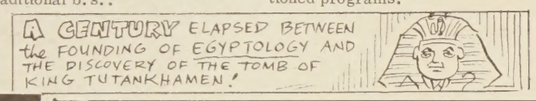
I would like to see something done by the Governor's Drug Advisory Committee and Mr. Paul Gergen's Tacoma Narcotics Center, besides a whole lot of jiving and shucking and other kinds of traditional b.s..

Since there aren't many black men and women in Tacoma with enough concern beyond the premises of the local "hole in the wall" church pew and car dealer to make the drug related programs sit or get off the pot, (because of the cotton in their backs) do your thing Mr. Gergen and Governor's drug advisory committee! If they don't have enough sense to stand up and make these program efforts relevant to their future.., youth, continue to commit genocide on yourselves.

Another thing, the Comprehensive Mental Health program can't treat black clients because they don't know how. Comprehensive Mental Health has very few black administrative staff. The saddest aspect of all is that black people have conjured up in their minds that blacks don't go crazy. Actually, it is probably true that racism in America has driven the entire black population insane.

Tax payers! It would be advisable for you to check out the Pierce County Drug-Alliance. It is a farce. That includes all of the professional fakers bilking you out of your hard earned monies. Let's make these programs and organizations who are controlling public money become relevant or eliminate them.

I am advocating that the black community pursue without delay and demand that affirmative action policies and time tables be established and activated in all of the aforementioned programs.



News from Tacoma Community College

Tacoma Community College announces a new Human Service Worker program designed to train students for work as paraprofessionals in mental health and community agencies. The program will begin January 2, 1974, and will offer a one or two year option.

Students wishing to enroll for one year will be taught interviewing skills, community organization skills, and a survey of local governmental and private agencies. The course will place heavy emphasis on working within an agency to gain those skills and knowledge that are required for employment.

The two-year program will offer the same sort of training but with the additional time students will have the opportunity to specialize in one of several areas such as the aging, alcoholism, or corrections.

Applicants to the program must be 18 years of age and must have completed high school or the equivalent. Minority and disadvantaged persons are encouraged to apply. A limited number of scholarships are available in connection with the program, and in certain cases a travel allowance may be arranged.

Application forms, available in Building 20 at TCC, must be returned no later than December 14. Selection of students for the program will be made the week of December 21 so that late registration can be accomplished on December 27.

For additional information contact Dr. Marjorie Ross, instructor/coordinator for the Human Service Worker program at 564-7200, Ext. 294.

Urban League-National Guard Meet

A regional Urban League Workshop in Tacoma was held December 8, 1973 bringing together Urban Leaguers and key leadership of the Washington State National Guard. This was one of twelve western region workshops which had been set up by Mr. Henry A. Talbert, Executive Director of the National Urban Leagues western region.

These meetings had been set up, according to Major General Howard S. McGee, the Adjutant General of Washington State, to provide Urban Leagues in the western region an opportunity to confer directly with leaders of the Army and Air National Guard in a training-workshop environment to explore areas of mutual interest.

Urban League representation from the National Headquarters in New York participated along with representatives of the National Guard Bureau from Washington D.C. The workshop was held at 10:00 a.m. at the Weyerhauser Building.

The workshops were designed to clarify areas of mutual interest within the Urban League and with the National Guard as a follow-up to Guard efforts to increase its minority membership. "The National Guard offers a variety of training opportunities which can lead to worthwhile civilian employment," says CPT Aaron Dean, Equal Opportunity Officer. "There are also a number of fulltime jobs within the Guard system to be filled in nearly every state."

Build Your Future BUY A HOME

The Department of Housing and Urban Development has many fine acquired homes throughout the Tacoma area, and all over western Washington. Some are nearly new. All are in good condition. All are reasonably priced, with low down payment.

As a homebuyer, you will realize several advantages: the interest you pay is wholly income tax deductible; you will soon build an equity in the value of your home...making your net worth grow; your home is your castle...yours to live in, in your own individual style.

HUD doesn't sell houses, so please don't call HUD for details. All sales are made through professional Real Estate brokers. Almost all licensed Real Estate brokers have complete lists of homes available. They will be glad to help you find the home suitable for you, and to answer all your questions. Call one today. Ask him about HUD availabilities.

Music Art Highlight Lakewood Ethnic Festival

Varied music and art--from African drum and dance to the foot stomping sounds of square dancers--promise the public a cultural experience Saturday (Dec. 15) at the Lakewood Lighthouse Ethnic Festival, 10:00 a.m. - 5:00 p.m., at the Little Church on the Prairie.

The festival will feature an international exposition of music, clothing, art displays and foods. Adding motion to the static displays will be a number of dance groups.

The first currently scheduled performance will be by a teen square dance group called the Raggedy Ann's and Andy's. This begins at noon. The African Drum and Dance Group from Wilson High School perform at 2:00 p.m. Beginning at 3 O'clock, the Filipino Community Dancers will present many of their traditional dances. The Orient is further represented by a Japanese dancer who will perform at 4:00 p.m.

Other possible dance groups that may yet be scheduled are Russian and Scandinavian. The stirring sounds of Scottish bagpipers may also be a late program addition.

The ethnic festival is part of PROJECT '76. This project is designed to promote community activity ideas in visual and cultural arts for the American Revolution Bicentennial Commission, Washington, D.C. These ideas are being compiled for possible usage by other U.S. cities in celebrating the American Revolution's 200th anniversary.

Throughout the entire festival day, there will be plenty for the "browser" to see. Clothing, food and art craft displays are planned to represent many of the world's peoples who have found new homes in the United States during the years of America's independence.

Sponsoring the ethnic festival is the Lakewood Lighthouse, the recently organized community center-coffeehouse in Lakewood.

Falstaff Brewing Corp.

MIAMI, FLA., Dec. 4, 1973...Florida A. & M. University of Tallahassee and South Carolina State College at Orangeburg, the football rivals in the Orange Blossom Classic game, have been selected as recipients of student scholarship grants in honor of J.R.E. Lee, Jr. former vice-president administration at Florida A. &M.

Devoting his entire career to the betterment of Florida A. &M. University, the late J.R.E. Lee is regarded as the Father of the Orange Blossom Classic. Lee served Florida A. &M. as business manager for 33 years and as vice-president - administration for nine years. Lee attended Tuskegee Institute in Alabama and obtained his Bachelor of Arts degree from Lincoln University in Pennsylvania. He was 75 years old at his death in June 1972.

Trans-Coppertism – Vic Harris

Vic (Alvin J.) Harris, occupational therapy instructor and boxing coach at Green River Community College in Auburn, Washington, displayed some of his art at the Delta's Fashions and Art Social. His art is a strong statement of Black revolution, addressing itself to Black human experience, fellings, and aspirations.

What the pictures communicate individually depend on the eyes with which we see them. The impact of the collection, is a vivid portrayal of a complete life style with shadows of African heritage.

Harris uses the ancient African medium of copper to incorporate freshness of form and vibrant color. He has molded his talents into a style and technique called Transcoppertism which is uniquely his own.

Jaycees

I looked around upon the world, and saw that it was shadowed by sorrow and scorched by the people of suffering. And I looked for the cause. I looked around, but could not find it, I looked in books, but could not find it, I looked within, and found there both the cause and the Self-made nature of that cause. I looked again, and deeper, and found the remedy. I found one law, the law of love; one life, the life of adjustment to that law; one truth, the truth of a conquered mind and a quiet and obedient heart. And I dreamed of times when my kind, men and women, whether rich or poor, learned or unlearned, find within themselves the source of all success, all happiness, all accomplishment, all truth.

President-Dennis H. Pugh

Notice

The Tacoma Jaycees are having a "Hot Apple Cider and Roasted Chestnut" stand. This stand located at the Broadway Plaza will open daily from 5 PM to 9 PM beginning December 14 through December 23. Proceeds will go to future Jaycee projects.
